From the President's Desk

From the Ain'ts to the Saints

Our club is now the #1 club in membership in our region! And our region is the #1 region in our state both in membership numbers and in number of clubs.

In March of 2010, Women's Republican Club of New Orleans has more than doubled the membership it had in March of 2009. This year we now have as many members as it took until November of last year to accumulate.

Like the first day of spring on March 20, 2010, WRCNO has a 20/20 vision of renewal renaissance and rebuilding that sees New Orleans rising to be the Queen of the South.

Our club is continuing to make state and national history. We held the first fundraiser for Joseph Cao who went to be the first Republican U.S. Congressman from New Orleans and the first Vietnamese-American in the U.S. Congress. Joseph's wife Kate Hoang is a WRCNO member and Joseph is an associate member. They are family to us.

In 2010, another one of our own club family sisters, Princella Smith called "the new face of the Republican party", is running for Congress in Arkansas. History will again be made if she wins this race to be the first Republican African-American female in the U.S. Congress.

Post-Katrina there was a question of whether or not New Orleans would survive this aftermath of the greatest natural disaster in our nation's history: not to mention that New Orleans was already losing population at a disastrous rate Pre-Katrina.

This city is seeing supernatural increase in 2010. After 43 years of the sports disaster of being National #0-NO, the saints are now #1 in the U.S.A.
