

MANDEVILLE REPUBLICAN WOMEN

Linda Begue

President's Message April 2022

Below is my LFRW Region 7 report titled *Turning Frustration into Opportunity*. Interestingly, the guest elected officials at the LFRW Spring Conference also spoke on this subject. It was as if they had read my report. Obviously, we are all on the same page.

LFRW Region 7 Report March 1, 2022 -Turning Frustration into Opportunity

Mask On! Mask Off! Vax! - No Vax!

The messages from the President and the CDC may have been confusing but the Republican Women in Region 7 have stayed on message, "Join us in our effort to **'Take Back America!'**"

Taking advantage of the public frustration we have planned an outreach effort. Women all over our area are concerned and want to feel like they are actively doing something about the situation. I know because I receive calls from women who I do not know expressing these sentiments. This is an opportunity for the Federation to help these women which also helps us. We will be hand-addressing and mailing post cards to **Super Chronic Republican Women** voters inviting them to join us in our effort to Take Back America!

Opportunity Knocks Outreach

Purchasing stamped post cards from the U. S. Post Office and printing a message on one side for a total of 55 cents each is an inexpensive way to facilitate this effort. Hand-addressing makes it personal and also keeps the cost down. Each club in the Region will commit to paying for and hand-addressing as many cards as they can afford. We anticipate mailing 2,500

During the year most clubs have continued to meet and push forward despite Ida, Covid, and the Democrat overreach in Washington D. C.

We are preparing for the upcoming elections. Fortunately, Senator John Kennedy and Rep. Steve Scalise are extremely popular and unlikely to lose their elections. Therefore, we can concentrate on local elections.

Objectives to add to our programs:

1. Oversight of Education; appoint a School Board Chairman, attend School Board meetings, report to your club
2. Oversight of ballot security at precincts, at Clerks office, become a poll commissioner or poll watcher

All in all, despite the challenges, Region 7 is having a very good year; we are

Making 2022 A Year of Opportunity!

I spent time with a group of women from Jefferson Parish. They lost several members recently who are now members of MRW. Lucky us! They were like sponges: open, anxious and enthusiastic. How exciting! They asked lots of questions, expressed their frustrations. If I had been doing Dollars to Vent I would have made money!

I have accepted their invitation to visit their club meeting on March 17. To me this is the importance of these conferences. Hearing speakers is great, taking care of business is needed, but exchanging ideas with members, helping newer members and new officers, the old mentoring the new is what makes the conferences valuable.

MEMBERS:

Melissa Henry, Clerk of Court, needs more Precinct Commissioners and Poll Watchers. Please consider volunteering to help her and your Parish by [reviewing the requirements and completing the application here](#).

RESCUE AMERICA

by
RICK SCOTT

1. **Education** – Our kids will say the pledge of allegiance, salute the Flag, learn that America is a great country, and choose the school that best fits them. We will inspire patriotism and stop teaching the revisionist history of the radical left; our kids will learn about the wisdom of the U.S. Constitution, the Bill of Rights, and the founding fathers. Public schools will focus on the 3 R's, not indoctrinate children with critical race theory or any other political ideology.
2. **Color Blind Equality** - Government will never again ask American citizens to disclose their race, ethnicity, or skin color on any government form. We are going to eliminate racial politics in America. No government policy will be based on race. People “will not be judged by the color of their skin but the content of their character.” We are made in the image of God; to judge a person on the color of their epidermis is immoral.
3. **Safety and Crime** - The soft-on-crime days of coddling criminal behavior will end. We will re-fund and respect the police because, they, not the criminals, are the good guys. We will enforce our laws, all of them, and increase penalties for theft and violent crime. We will clean up our cities and stop pretending that crime is OK. We have zero tolerance for “mostly peaceful protests” that attack police officers, loot businesses, and burn down our cities.
4. **Immigration** - We will secure our border, finish building the wall, and name it after President Donald Trump. Nations have borders; we should give that a try. President's plan to build a wall was right. We welcome those who want to join us in building the American dream, immigrants who want to be Americans, not change America. We are a stronger nation because we are a nation of immigrants but immigration without assimilation makes us weaker. Politicians from both parties talk big about border security and do nothing. We are done with that.
5. **Growth/Economy** - We will grow America's economy, starve Washington's economy, and stop Socialism. Socialism is un-American and always leads to poverty and oppression. We will stop it. We will shrink the federal government, reduce the government workforce by 25% in 5 years, sell government buildings and assets, and get rid of the old, slow, closed, top-down, government-run-everything system we have today.

6. **Government Reform & Debt** - We will eliminate all federal programs that can be done locally, and enact term limits for federal bureaucrats and congress. Many government agencies should be either moved out of Washington or shuttered entirely. Yesterday's old government is fundamentally incompatible with the digital era. The government ruling class in Washington is bankrupting us with inflation and debt, so they must be removed. For you to have more, Washington must have less.
7. **Fair, Fraud Free Elections** - We will protect the integrity of American Democracy and stop left-wing efforts to rig elections. Today's Democrat Party is trying to rig elections and pack the courts because they have given up on Democracy. They don't believe they can win based on their ideas, so they want to game the system and legalize voter fraud to stay in power. In true Orwellian fashion, Democrats refer to their election rigging plans as "voting rights". We won't allow the radical left to destroy our democracy by institutionalizing dishonesty and fraud.
8. **Family** - We will protect, defend, and promote the American Family at all costs. The nuclear family is crucial to civilization, it's God's design for humanity, and it must be protected and celebrated; to say otherwise is to deny science. The fanatical left seeks to devalue and redefine the traditional family, as they undermine parents and attempt to replace them with government programs. We will not allow Socialism to place the needs of the state ahead of the family.
9. **Gender, Life, Science** - Men are men, women are women, and unborn babies are babies. We believe in science: Men and women are biologically different, "male and female He created them." Modern technology has confirmed that abortion takes a human life. Facts are facts, the earth is round, the sun is hot, there are two genders, and abortion stops a beating heart. To say otherwise is to deny science.
10. **Religious Liberty/Big Tech** - Americans will be free to welcome God into all aspects of our lives, and we will stop all government efforts to deny our religious freedom and freedom of speech. The Democrat Party and their Big Tech allies are not merely secular; they have virtually created a new religion of wokeness that is increasingly hostile toward people of faith, particularly Christians and Jews. They are determined to drive all mention of God out of public view. We will not be silenced, cancelled or told what words to use by the politically correct crowd.
11. **America First** - We are Americans, not globalists. America will be dependent on NO other country. We will conduct no trade that takes away jobs or displaces American workers. Countries who oppose us at the UN will get zero financial help from us. We will be energy-independent and build supply chains that never rely on our adversaries. We will only help countries that are willing to defend themselves, like Israel.
